CLIPPER CARE RANGE

PLUMBING SOLUTIONS

Health and Safety - We strongly recommend to follow all safety guidelines applicable under all construction settings. We suggest the usage of gloves and goggles. Any splashes to skin or eyes should be washed off immediately with clean water. If irritation persists, take advice from a qualified healthcare professional immediately.

Disclaimer - All the information mentioned on this product information sheet is to be considered as a general guideline. The actual usage and results may vary from condition to condition. We advise undertaking a trial in user-specific conditions before full-scale usage. We do not commit any express or implied guarantee/warranty for the results. The company is not liable for any consequential loss or damage.
